WJS in Vegreville joins as our newest FASD Support Service

The Prairie Central FASD Assoc. is pleased to announce that WJS has joined as our newest FASD support service for adults and children. The FASD Outreach program provides outreach based services for individuals affected by an FASD and their families, assists clients in obtaining an assessment/diagnosis, and helps connect individuals to other local services. To qualify for program services a potential client must either be diagnosed with an FASD or suspected of having an FASD.

They are located in the town of Vegreville and serve the county's of Minburn, Lamont and Two Hills. For more information call (780) 632 2332.

FASD Working Groups:

This new year we are returning with the FASD working groups and will be travelling to multiple communities to meet with service providers and agencies.

These meetings are multi purpose and are a forum to develop new FASD support connections, answer questions about FASD and to work together on creating awareness, support and prevention.

These meeting are open to anyone that has an interest in FASD, or has a connection to FASD either personal or professional.
